Last Name

### Thesis Title:

### Abstract in English (250 words):

### Attachments checklist:

CV

Thesis

List of Journal Publications

List of Conference Publications

Publications (for submitted thesis which have not been written in English)

### Rules:

- Eligibility: Thesis should have been defended in the calendar year before the award (e.g. in 2020 for prize in 2021). In case of doubt, please contact the Chairman of the committee ([youngwinddoctoraward@eawe.eu](mailto:youngwinddoctoraward@eawe.eu)). A Thesis can only be considered for evaluation once.
- Quality: The PhD thesis should be of significant relevance for the further development of wind power and should demonstrate impact on future development and/or impact on the implementation of wind power.
- Language: The PhD thesis should preferably be written in English. If thesis is not in English because of institutional regulations, a number of journal publications written in English language should be submitted that should represent the work of the thesis. Submission of publications is not necessary for thesis written in English.
- Nomination support: The nomination should be supported with a motivation of the PhD supervisor and a motivation by a recognised senior wind energy expert from a different institution who has not been involved in the supervision of the project (e.g. a member of the examination panel could act on this capacity but the co-supervisor/co-author not).
- Submission: The application should be submitted via email with the PhD student, supervisor and supporting expert in cc and can be submitted by either the PhD student or the supervisor. Please send the application to [youngwinddoctoraward@eawe.eu](mailto:youngwinddoctoraward@eawe.eu) with [marenwagnereawe@aol.de](mailto:marenwagnereawe@aol.de) in cc.
- Deadline for submission: 1st working Monday of February of each year.
